

The ICR Rental Program

ICR offers a simple and economical rental plan for a variety of brass and woodwind instruments. This plan offers low payments with no large up-front obligation. Repairs* and annual maintenance are complimentary. Cancel at anytime or trade in against the purchase of a new or used, in-stock instrument and take an additional 10% off the regular purchase price.

The Stand-in Program

When a play condition service takes longer than 24 hours to perform you may request a 'stand-in' instrument for the duration of that repair. Stand-ins are guaranteed to be in good playing condition and are complimentary as are all repairs* and maintenance services.

Stand-ins and rentals are offered on a first come – first serve basis.

*Repairs needed because of malicious damage and damage caused by irresponsibility are the responsibility of the renter and are not complimentary.

Our Guarantee

Due to the enormous success of the recently developed *Mobile Musical Instrument Service*, and the 48 and 24 hour service guarantees, INTENSIVE CARE REPAIR is proud to offer the *On-Site Guarantee*. This service guarantees same day, on-site woodwind and brass wind play condition repairs and maintenance services. If the service is not completed on the same day, it's **FREE.***

*Services will be completed by 3:30PM on the day of the service call. Guarantee applies to a maximum of ten instruments. In the event that there are more than ten instruments they will be serviced in the order chosen by the music teacher.

Case Repairs

Now with Style Match.

Stop settling for overpriced case repairs performed with Hardware store latches, hinges and handles. Students don't want to play an instrument out of an ugly case anymore than they want to play an ugly instrument. Take advantage of ICR's Style Match Guarantee. We only use hardware that matches the original equipment so your cases are returned looking as good as new!

Style Match Guarantee only applies to major brands and is not included in the On-site Guarantee.
